Sanlorenzo

Sculpted Grace at Sea

UNIQUE S is a 35.75-metre Sanlorenzo SD118 delivered in 2024 and presented in immaculate condition with low hours. Her exterior lines are by Zuccon International Project, with naval architecture and interiors by Sanlorenzo. She is RINA Commercial class under the Maltese flag and suits private or charter use.

Her tri-deck layout is built around a full-beam master on the main deck and a beach club that folds open on three sides at the waterline. The signature asymmetric upper deck opens the view to the water from both sides and adds a private folding balcony off the saloon. Twin Caterpillar C32 ACERT engines on conventional shafts, with CMC Marine stabilisation underway and at zero speed, give her a 14-knot cruise and approximately 2,500 nm of range at an economical 11 knots.

Features

- Full-beam master cabin on the main deck with panoramic windows and private access to the bow
- 11 guests in 5 en-suite cabins, served by 7 crew
- Beach club opening on three sides with fold-down sea terraces
- Folding balcony off the upper deck saloon
- Spacious garage for 5m tender, jet-ski and more water toys
- CMC Marine stabilisation underway and at zero speed
- Built to RINA commercial standards

Description

Accommodation Overview:

Accommodation for 11 guests in 5 staterooms. 7 crew.

Owner
The full-beam master stateroom is located on the main deck and offers a private retreat with panoramic windows, a dedicated desk area and an en-suite bathroom. The suite also benefits from direct private access to the owner's terrace on the bow, creating an additional secluded outdoor space.
Guests
Four guest cabins are arranged on the lower deck, comprising three double cabins and one twin, all with private en-suite bathrooms. The twin cabin features sliding single beds, allowing a more flexible configuration, together with an additional Pullman berth.
Crew
Seven crew are accommodated in five cabins. The Captain's cabin is located on the bridge deck, while the lower deck houses two double and two single crew cabins.
A dedicated crew mess provides a comfortable working and relaxation area, while a separate interior crew staircase allows discreet movement between decks and supports efficient service without interfering with guest areas.
