## NAVETTA 35 Custom Line

### Art of Being Different

Custom Line Navetta 35 is a 34.5-metre motor yacht built by Custom Line, with naval architecture by Ferretti Group Engineering, exterior design by Filippo Salvetti and interior architecture by Antonio Citterio Patricia Viel. Across four decks, she brings together quality design, cruising comfort and timeless elegance, while reflecting the owner's personality as a unique masterpiece.

The interior concept is based on large volumes on all four decks, stylistic elegance, livability, timeless classicism, harmony with the marine environment and direct contact with the sea, all while maintaining a contemporary identity. Large floor-to-ceiling windows deliver immense brightness on board, and the meticulous sculptural processing of spaces creates very large interior volumes for a 35-metre yacht.

From the beach club at the water's edge to the sky lounge and lower deck VIP cabin, every space carries Custom Line DNA: contemporary, harmonic and respectful of Italian naval tradition. With accommodation for 10 guests in 5 cabins, Custom Line Navetta 35 speaks to owners who see cruising as an art and value the art of being different in every detail on board and at sea.

## Description

### ***Accommodation Overview:***

Accommodation for 10 guests in 5 staterooms. 7 crew.

#### **Owner**

The owner's suite sits within a concept shaped around personality, elegance and customization. The brochure describes Navetta 35 as more than a yacht, calling her a unique masterpiece and a reflection of the owner's personality. Interiors can be customized according to the owner's wishes.

#### **Guests**

Accommodation is arranged for 10 guests in 5 cabins. The interior concept is based on large volumes on all four decks, stylistic elegance, livability, harmony with the marine environment and direct contact with the sea. Large floor-to-ceiling windows bring immense brightness on board, while the lower deck VIP cabin, sky lounge and beach club extend comfort.

#### **Crew**

The stated layout includes 4 crew cabins. Across the yacht, the design approach combines functionality with timeless elegance and refinement. Large volumes and clear access between decks fully support livability, while Custom Line's project management team of engineers, technicians and architects develops the yacht around personal ideas, requirements and lifestyle.
