LAMBORGHINI 101FT Tecnomar

Lamborghini 101FT - New Icon Motion

Born from the partnership between Automobili Lamborghini and The Italian Sea Group, Tecnomar for Lamborghini 101 ft translates iconic automotive forms into a high-tech motor yacht defined by visionary geometries and pure adrenaline. Engineered to strike, she channels a design language that is instantly recognizable, delivering an on-water experience shaped by precision and responsiveness. Her debut concept celebrates a new age of performance yachting, crafted for those who live the Lamborghini experience.

At her core, a lightweight aluminium hull and superstructure support a performance-focused propulsion package with steerable surface drives and Rolla propellers. Advanced spray rails, hard-chine hull geometry and a shallow draft are conceived to enhance agility, stability and efficiency, while integrated steering and trim control sharpen every maneuver with surgical accuracy.

Inside, clean lines, advanced materials and bold contrast colors create an atmosphere where individuality leads. Fully customisable tones, textures and finishes allow each owner to tailor a distinctive private dimension of balance and intensity. From refined presence at anchor to exhilarating runs at speed, this 101FT stands as a modern icon of motion.

LAMBORGHINI 101FT

Tecnomar

Specifications

Length: 31m (101.7')

Beam: 6.6m (21.6')

Draft: 1.55m (5.1')

Flag: TBD

Max Speed: 45 knots

Range: -

Classification: CE

Description

Accommodation Overview:

Accommodation for 9 guests in 4 staterooms. 3 crew.

Owner

A private dimension of balance and intensity defines the Tecnomar for Lamborghini 101FT. Clean lines, advanced materials and bold contrast colors shape a setting designed for presence, with fully customisable tones, textures and finishes that allow the yacht to reflect each owner's lifestyle and identity. Every detail can be tailored, from surface finishes to interior contrasts, creating a one-of-a-kind expression.

Guests

Accommodation is arranged for up to 8/9 guests in 4 cabins. The same crafted-to-distinguish philosophy carries throughout, pairing individuality with comfort and a confident, modern atmosphere that complements the yacht's high-performance character distinctly.

Crew

Crew accommodation is provided for 3 people, with 2 crew cabins. Practical onboard support is matched to the yacht's integrated steering and trim control approach: engineered systems, clear functionality, and a layout intended to keep service efficient while maintaining the owner's private experience.
