ARESYA - Light, Space & Sea

ARESYA is a sophisticated 36.92-meter Sanlorenzo, built in 2025 with exterior and interior design by Zuccon International Project. Her asymmetric layout celebrates light and space, with a luminous saloon framed by panoramic windows and a starboard balcony suspended above the water. Five refined cabins accommodate twelve guests, including an owner's suite on the main deck with private bow access.

On deck, ARESYA invites guests to enjoy a generous flybridge, an intimate bow lounge, side terraces at the stern, and a fold-down transom that opens onto the sea. With three Seabobs, two Liftfoil e-boards, a Jobe Ringo, an inflatable swimming pool, and an Axopar chase boat, every moment on board becomes an unforgettable experience. Her crew of eight guarantees impeccable service across the West Mediterranean.
