Luxury Redefined: Seven Sins Yacht

SEVEN SINS is an award-winning 52-metre motor yacht delivered by Sanlorenzo in 2017 as the first hull in the acclaimed 52Steel series. Designed by Officina Italiana Design, she combines Italian elegance, innovative engineering and exceptional volume within a sleek 499 GT platform.

Her light-filled interior accommodates up to 11 guests across five cabins, including a full-beam owner's suite, with floor-to-ceiling glazing creating a strong connection to the sea. Accommodation for 11 crew supports impeccable service during private cruising or charter.

A defining feature is her pioneering beach club, where the drive-in tender garage transforms into a vast waterside entertainment space beneath a glass-bottom swimming pool. Further amenities include a gym, hammam, sauna, outdoor lounges, dining areas and an extensive selection of tenders and toys. Powered by twin Caterpillar engines and maintained in outstanding turnkey condition, SEVEN SINS remains one of Sanlorenzo's most influential and desirable modern superyachts.
