E VOLUTION 47 PROJECT 605 Perini Navi

Bluewater Sailing Distinction

E-VOLUTION 47 - Project 605 is a 47-metre hybrid superyacht from Rossinavi's BluE series, combining Italian craftsmanship with advanced sustainable technology. Designed for owners seeking responsible luxury without sacrificing performance or comfort, she represents a forward-looking approach to modern yacht ownership.

Rossinavi's hybrid propulsion platform, intelligent energy management and AI-assisted operating modes optimise power consumption, reduce emissions and enable quieter, more efficient cruising. Expansive outdoor areas connect with elegant open-plan interiors through floor-to-ceiling glazing, maximising natural light, ocean views and flexibility.

Accommodation is arranged for up to 10 guests, centred around a full-beam owner's suite, with dedicated crew quarters and carefully planned wellness and entertainment spaces. Advanced lightweight construction supports strong cruising capability and extensive owner customisation during the build. Combining innovative engineering, contemporary Italian design and lower-impact operation, E-VOLUTION 47 offers a rare opportunity to secure one of the most technologically advanced hybrid superyachts currently under construction.

E VOLUTION 47 PROJECT 605

Perini Navi

Specifications

Length: 47m (154.2')

Beam: 10.5m (34.4')

Description

Accommodation Overview:

Accommodation for 8 guests in 5 staterooms. 7 crew.

Owner

The lower deck arrangement includes 1 owner's cabin, reserved as the principal suite within the guest spaces. This cabin is part of a guest accommodation plan for 8, set within Project PN 47's 47 m aluminium platform and supported by the yacht's sloop rig and swing keel concept clearly.

Guests

In addition to the owner's cabin, the lower deck notes 3 guest cabin spaces, creating a clear guest cabin distribution within the general arrangement. Overall guest accommodation is stated for 8, aligned with the project's long-range profile and the 3500 nm abt. range @ 10 knots, with option items.

Crew

Crew spaces are listed as 3 crew cabin plus 1 captain's cabin on the lower deck. Crew accommodation is stated as 7, providing the dedicated personnel footprint shown in the arrangement. Operational support is backed by 2 x 86 kW generators and bow and stern retractable thrusters for manoeuvring.
