ORION ONE • Crafted for Pure Sea Prestige

ORION ONE is a 43-metre aluminium motor yacht delivered by Heesen in 2019, combining Dutch engineering, contemporary design and impressive cruising performance. Meticulously maintained, she represents a strong opportunity within the highly sought-after 40-45 metre brokerage market.

Designed by Omega Architects with interiors by Cristiano Gatto Design, her fast-displacement hull balances speed, efficiency and long-range comfort. The elegant, light-filled interior accommodates 10 guests across five staterooms, including a full-beam owner's suite, while dedicated quarters for nine crew ensure professional service throughout every voyage.

Generous exterior spaces include sunbathing areas, multiple alfresco dining settings, a spacious beach club and a comprehensive collection of tenders and water toys. Twin MTU engines, excellent seakeeping and Heesen's advanced hull design make her equally suited to Mediterranean cruising, transatlantic passages or worldwide exploration. Beautifully presented, ORION ONE combines proven pedigree, timeless appeal and enduring value in a highly versatile modern platform.

Description

Accommodation Overview:

Accommodation for 12 guests in 5 staterooms. 9 crew.

Owner

The owner's quarters offer a refined private retreat designed with generous volume and elegant finishes. A spacious master stateroom is complemented by a luxurious ensuite bathroom and panoramic views that enhance the sense of openness. The layout prioritizes privacy, comfort, and a serene onboard atmosphere, creating an ideal sanctuary for extended stays at sea.

Guests

Four additional guest cabins provide a warm and inviting environment, each crafted with thoughtful detailing and comfortable furnishings. These cabins ensure guests enjoy a restful and relaxing experience, supported by well-appointed amenities and a layout that encourages effortless movement throughout the yacht's interior spaces.

Crew

Crew accommodations are designed to support efficient service and operational excellence. Housing the captain and eight crew members, the quarters offer practical comfort and functionality, enabling the team to maintain smooth daily operations while ensuring a high standard of hospitality for all onboard.
