Built for Speed

Delivered in March 2017, DA VINCI combines stunning built for-speed lines with a maximum speed of more than 38 knots. Blonde teak decks, exceptionally wide side decks and impressive sightlines past the shapely superstructure define her exterior, while her on-deck layout is spacious, from the aft deck lounge area with retractable television to the dining area for long, indulgent meals.

Inside, DA VINCI's interiors are opulent and plush. The main deck entertainment area is bright and elegant, with an impressive marble bar and retractable drinks cabinet, a plush lounging area with fold down television, and a formal dining table that comfortably sits 12 guests, basked in sunlight from the overhead skylights by day and perfect for evenings under the stars.
