GAUDEAMUS: Unparalleled Luxury Awaits

GAUDEAMUS is a Wally 110 sailing yacht that captures the innovation, minimalist design and high-performance philosophy that made Wally one of the most influential names in modern yachting. Her flush decks, advanced composite construction, powerful carbon rig and unmistakable profile combine striking aesthetics with genuine sailing capability.

The contemporary interior uses natural light, premium materials and restrained detailing to create a relaxed atmosphere that complements the yacht's sporting character. Expansive deck areas, open-air lounging, alfresco dining and uninterrupted views keep guests closely connected to the sailing experience, while dedicated crew accommodation ensures comfort and service remain uncompromised.

Lightweight engineering, advanced systems and pioneering naval architecture deliver responsive handling and exhilarating performance across varied conditions. GAUDEAMUS is not simply a luxurious yacht that can sail; she is a yacht for owners who regard sailing itself as the central experience and want design, speed and technical intelligence expressed with unmistakable Wally clarity.
