SPIRIT OF MK CRN

Discover the Elegance of SPIRIT OF MK

SPIRIT OF MK is a WallyAce 26M that combines Wally's progressive design language with the volume, practicality and long-range efficiency of an explorer-inspired motor yacht. Her bold profile, expansive glazing and minimalist architecture create an immediately recognisable identity while prioritising natural light, usable space and effortless movement throughout the yacht.

The interior is arranged around a generous full-beam owner's suite and beautifully appointed guest cabins, supported by dedicated crew accommodation. Outside, broad lounging areas, alfresco dining, spacious sun pads and a substantial beach club provide direct access to the water, while extensive tender and toy storage makes her well suited to family use, active cruising and remote anchorages.

Efficient engineering, dependable seakeeping and impressive onboard comfort support extended itineraries without sacrificing ease of operation. SPIRIT OF MK stands apart for owners who want to travel farther in a yacht that feels architecturally distinctive, highly functional and refreshingly different from conventional vessels in the same size range.

Description

Accommodation Overview:

Accommodation for 12 guests in 5 staterooms. 5 crew.

Owner

The SPIRIT OF MK features a luxurious full-width master cabin located at the aft of the lower deck. This elegant space includes an en-suite bathroom with dual sinks, a spacious shower, and high-quality finishes, ensuring a private retreat for the owner.

Guests

Accommodating up to 12 guests, the yacht offers four additional cabins designed for comfort and privacy. Two twin guest cabins, each with en-suite bathrooms, provide an inviting space for relaxation. A VIP cabin on the main deck serves as a second master suite, complete with premium furnishings and ample natural light.

Crew

The crew quarters consist of three cabins located forward on the lower deck, allowing for comfortable accommodation for 3-5 crew members. Each cabin is equipped with en-suite facilities, ensuring that the crew can operate efficiently while maintaining a high standard of comfort throughout the voyage.

Machinery Details

Main Engines:

2x MTU 8V 331TC81 8-cylinder Diesel 1850Hp
 Engine Hours @November 2024: Starboard - 3,467 Port - 3,467
 Reduction gearboxes
 Single lever throttle/gear controls
 Propulsion: Four-bladed propellers driven through stainless-steel shafts
 Consumption: ±160 litres per hour

Other Machinery:

Bow Thruster: Hydraulic
 Steering system: Hydraulic
 Stabilizers: Hydraulic fin w/Koopnautic FAL 124 control units
 C. Plath rudder indicators and flybridge and lower helms
 Fuel Filters: Primary and secondary/2 sets
 Water Maker: Reverse osmosis
 Sewage Treatment System: Yes
 Bilge Pumps: 4 x Automatic and manual
 Air Conditioning System Centralized w/Digital thermostats

Generators

2x Onan 60 kW - 75 KVA - 380V AC/ 220V AC/ 24V DC - Replaced 1996
 Generator Hours @ November 2024: Starboard - 5,621 / Port - 5,763
 Battery Chargers:
 • 1 x 24/40-3 all in one Victron charger for service batteries
 • 1 x Mastervolt CHARGEMASTER 24V 40A, 3 output (Masterbus Czone) M718F0149
 • 1 x Mastervolt Current Converter & Battery Charger MAC PLUS 24V/12V-50
 • 1 x Victron Generator battery charger + 1 x Victron charger for emergency batteries
 Electrical System:
 Alternators: Engine-mounted alternators for charging engine start batteries
 Shore power: 380VAC and 220VAC shore power system
 • Ring-main with 220VAC sockets throughout yacht
 Battery Banks:
 • 2x 12V 85Ah GEL Batteries – 2021 / 4x 12V 190Ah Promotive Efb -...

Communication & Navigation Equipment
