E VOLUTION 47 PROJECT 605 Perini Navi

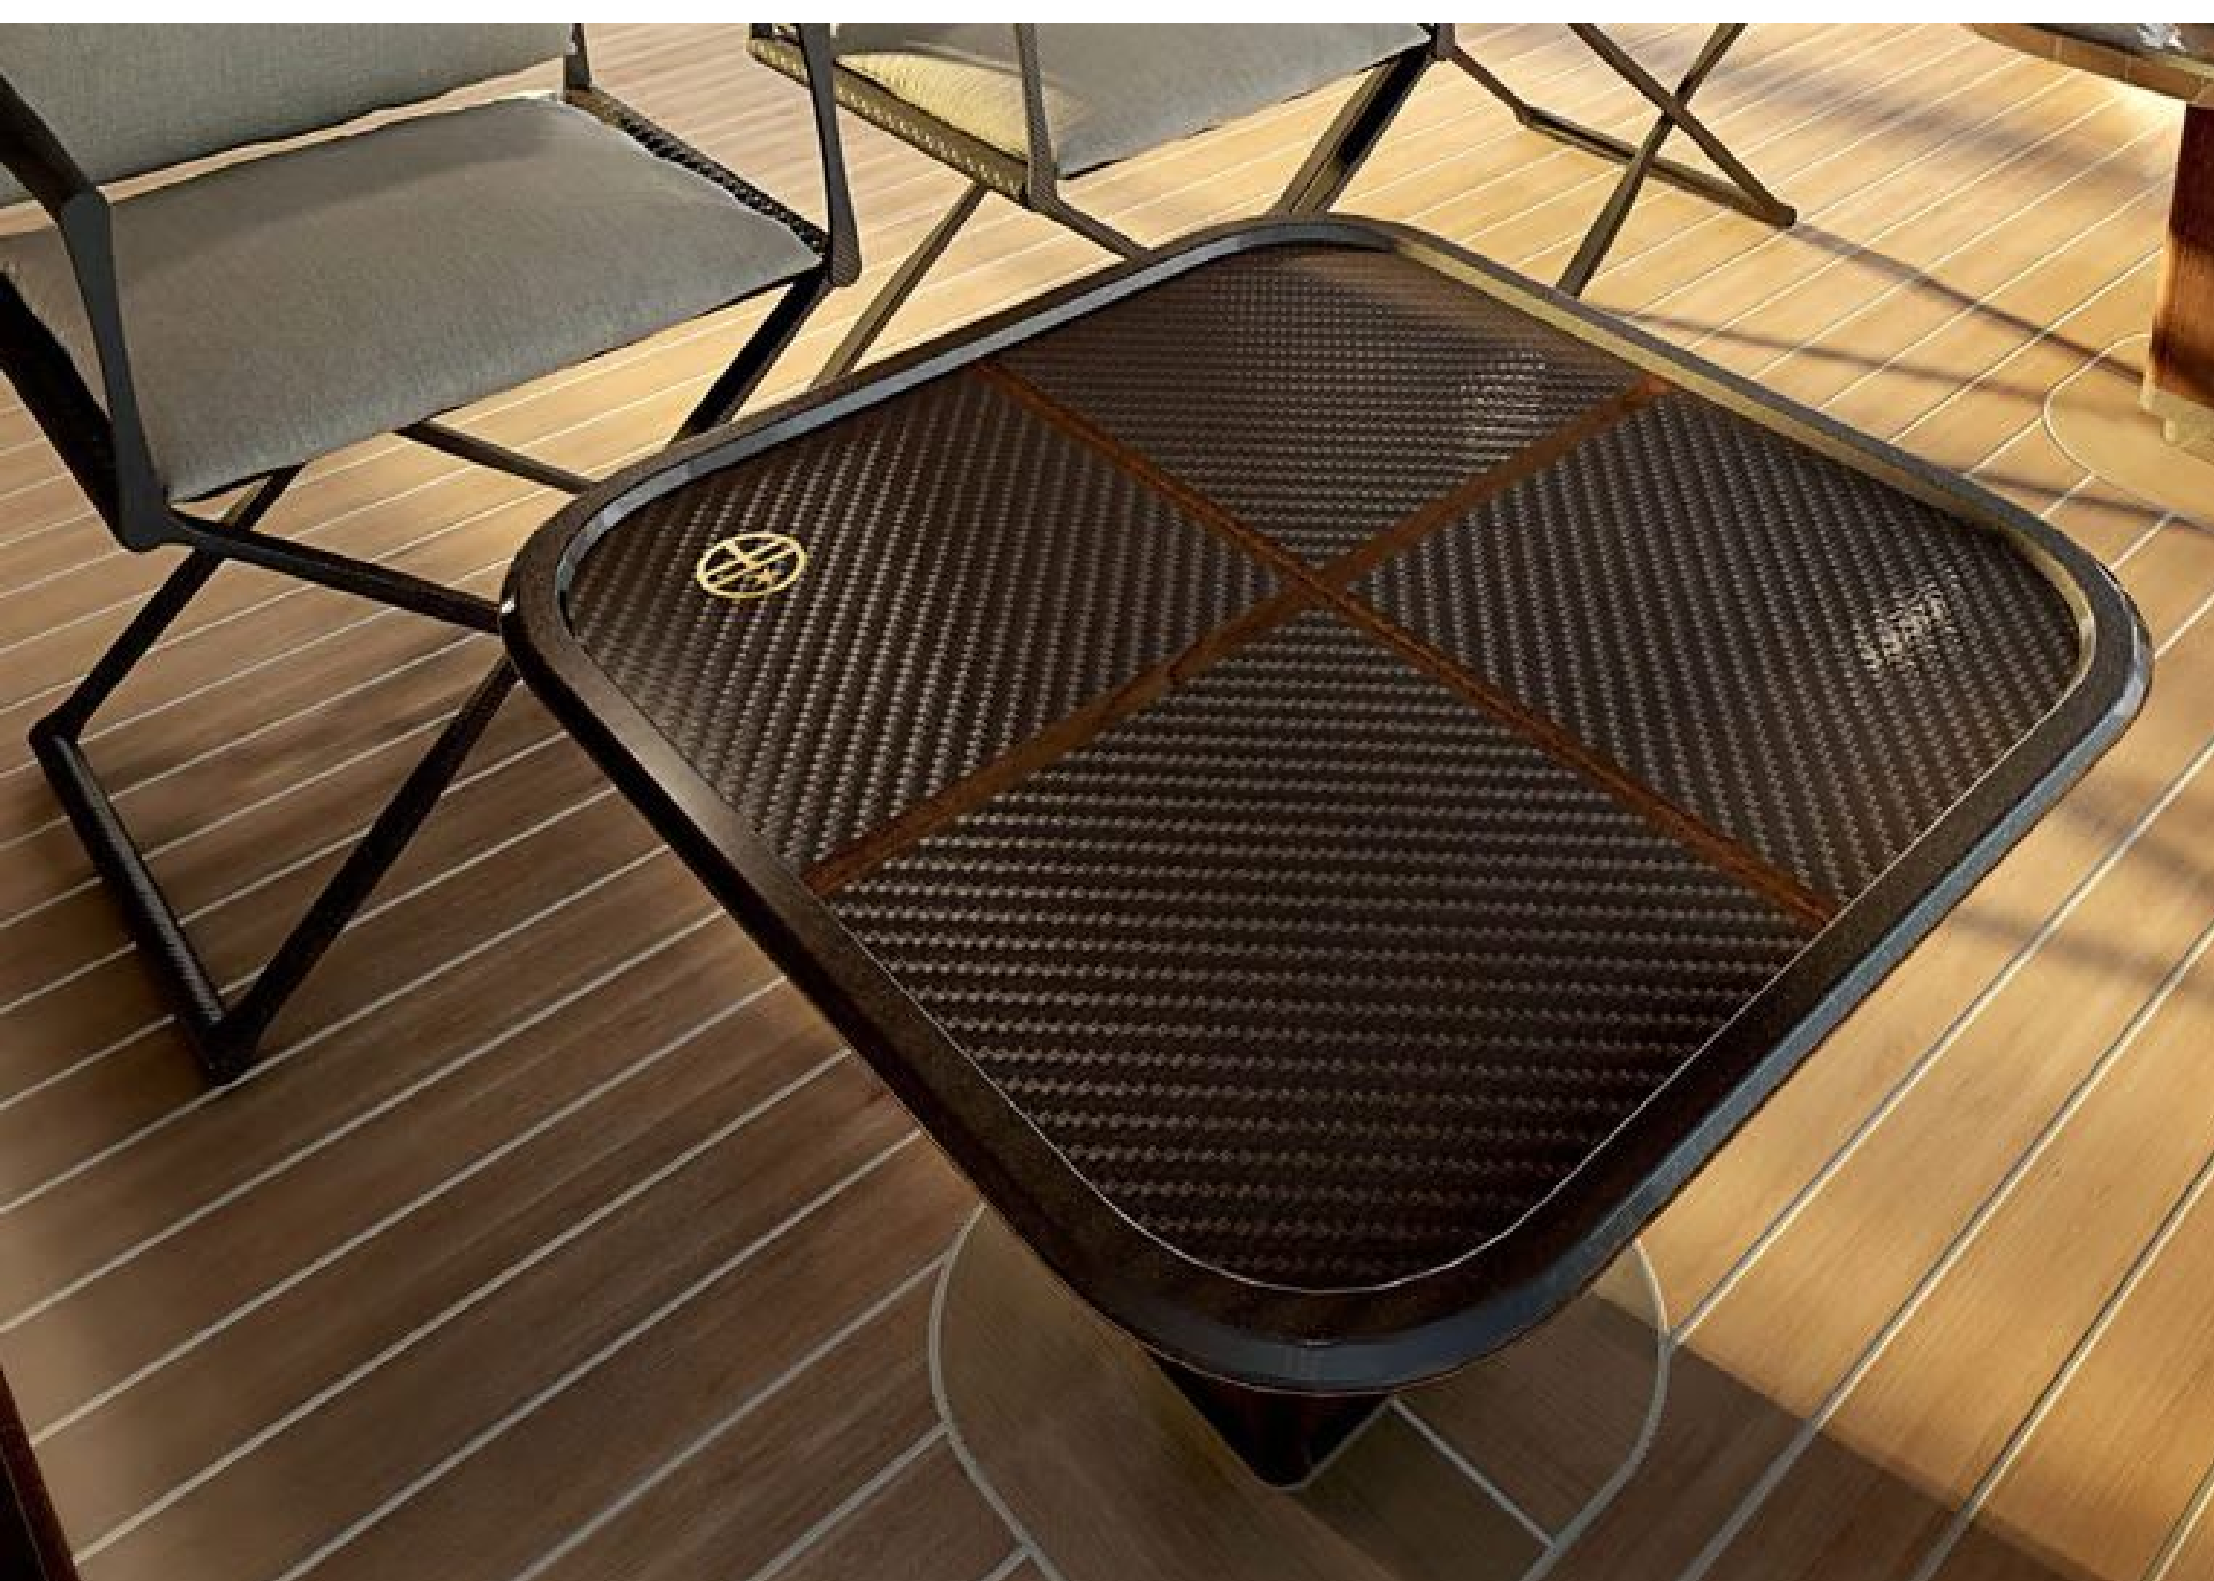

Bluewater Sailing Distinction

Delivered in 2028 by Perini Navi, *E VOLUTION 47 Project 605* is a 47-metre aluminium sailing yacht that embodies bluewater distinction and purposeful engineering. With a waterline length of 43.3 metres and a beam of 10.5 metres, her sleek sloop rig and swing keel create a platform designed for confident passage-making. A towering 62.5-metre mast and a sail plan of approximately 1,275 square metres ensure balanced performance and stability, while Lloyd's Register classification underscores her pedigree and reliability.

Her interiors, conceived by The Italian Sea Group and Perini Navi, are tailored for refined living at sea. Accommodation is arranged for eight guests across four to five cabins, including a full-beam owner's suite that serves as a private retreat. Three additional guest cabins provide elegant comfort, while dedicated crew quarters for seven ensure seamless service. Expansive decks and sociable lounges connect guests to the sea, with floor-to-ceiling glazing and carefully considered proportions enhancing natural light and atmosphere.

Powered by a CAT ACERT C18 engine delivering 533 kW, *E VOLUTION 47* achieves a cruising speed of 10 knots with a range of 3,500 nautical miles. Bow and stern retractable thrusters support precise manoeuvring, while advanced generators and water systems ensure self-sufficiency on extended voyages. With her blend of technical innovation, refined interiors and aspirational lifestyle amenities, she represents a new chapter in Perini Navi's legacy, offering discerning owners a yacht crafted for exploration, elegance and unforgettable journeys.
