Comfort without Compromise

Sanlorenzo SD90 Penguins is a 27.43 m motor yacht built in 2025, created as a synthesis of comfort, elegance, and superior performance for guests seeking refined cruising in the West Med. Born from the continuous innovation and constant stylistic pursuit of Sanlorenzo, she blends contemporary design with functional solutions for an exclusive nautical experience without compromise.

Inspired by the classic lines of traditional yachting, she reinterprets them in a modern and refined way. Her interiors and exteriors reflect elegance, advanced functionality, and meticulous attention to detail. An elegant cockpit creates fluid continuity between interior and exterior spaces, while the bow sunbathing area, lounge zone, and generous flybridge with helm, sofas, and a table for 12 guests enrich life on board.

Destination

West Med in style

Penguins cruises in Italy and the West Med, with Antibes as her base and an operating calendar that includes Sanremo, St. Tropez, Antibes, and SOF. This programme places her within a cruising area linked in the brochure to Italy and the West Med, with movements that connect coastlines, ports, and yachting hubs across the season, and availability spanning April, June, July, and August periods.

Guest experience in these waters is supported by spaces designed for relaxation and socialising. The elegant cockpit creates fluid continuity between interior and exterior areas, the bow offers sunbathing and a lounge zone surrounded by the sea, and the flybridge is arranged for absolute tranquillity or social moments, with sofas and a table for 12 guests.

Key Features

- Warm, sophisticated contemporary interiors
