PETRUS
Sanlorenzo

Italian Style, Open-Air Living

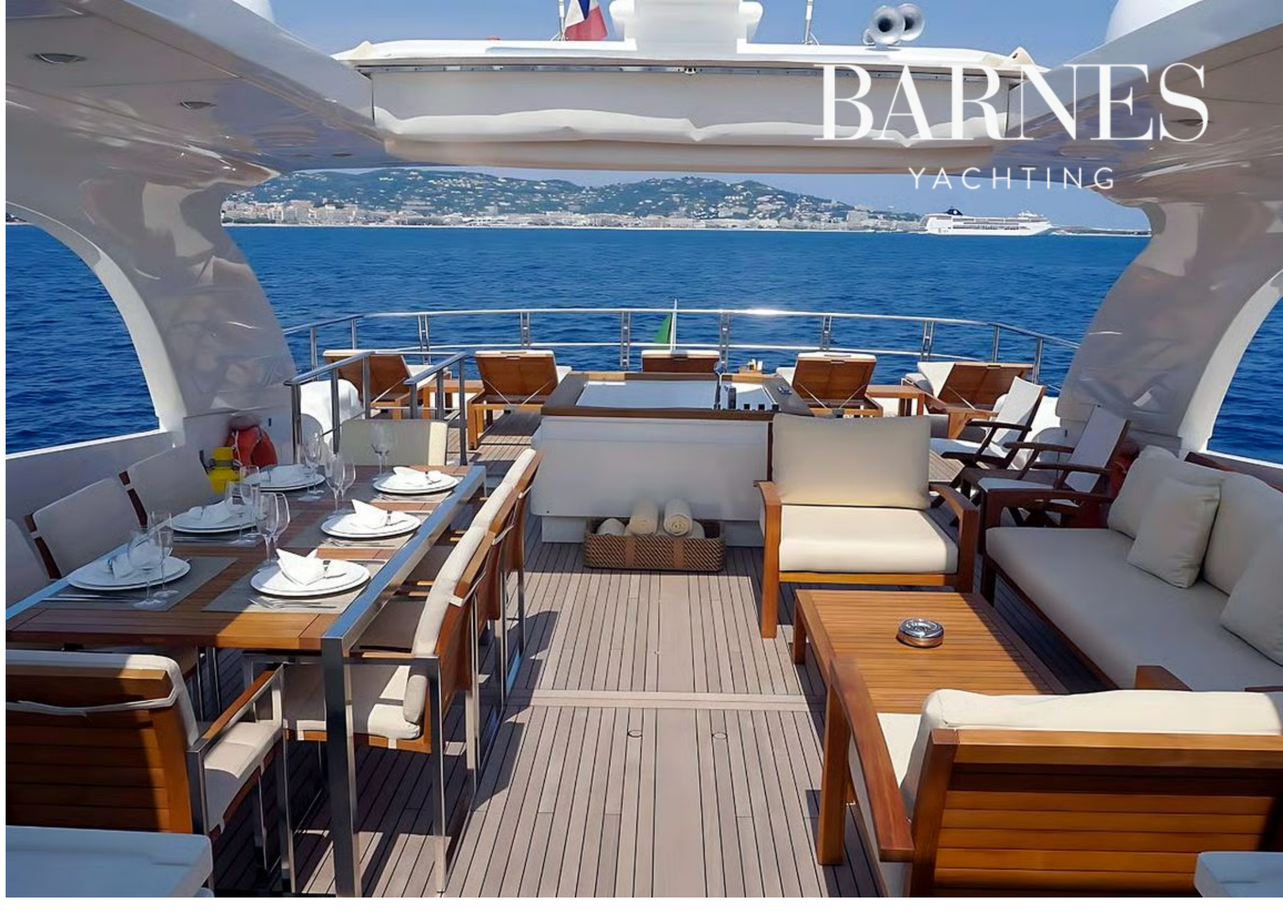

PETRUS is a 32.92 m Sanlorenzo motor yacht delivered in 2007, combining GRP construction with a semi-displacement hull and teak decks. Her profile reflects Italian yacht design, while her 7.01 m beam supports generous onboard spaces for private cruising. With accommodation for eight guests in four staterooms, she brings established shipyard character to a refined luxury motor yacht experience.

Inside, PETRUS pairs a Sanlorenzo-designed interior with a main saloon arranged around leather seating, dining for ten and substantial storage. The master stateroom includes two walk-in wardrobes, an LG 42-inch television, a Waeco minibar and Bose home theatre, while a main-deck VIP, lower-deck VIP and guest stateroom complete the guest arrangement. Electric blinds, blackout blinds and cabin carpeting enhance comfort.

Exterior living is centred on the flybridge, aft cockpit and forward areas, with teak sunbeds, dining spaces, a four-person Jacuzzi and an electric Bimini top. A swim platform, custom tender and Waverunner crane and Besenzoni passerelle extend the seaside lifestyle. Twin MTU 16V 2000 M91 engines, Trac zero-speed stabilisers, Side-Power bow thruster and Raymarine navigation systems support confident, comfortable private cruising.

Description

Accommodation Overview:

Accommodation for 8 guests in 4 staterooms. 5 crew.

Owner
The master stateroom is arranged as the owner's private retreat, with two walk-in wardrobes, an LG 42-inch LCD television, a Waeco minibar and a Bose DVD home theatre system. A safety box adds practical convenience, while blackout blinds and new carpeting contribute to a comfortable and composed onboard setting throughout.
Guests
PETRUS accommodates eight guests across four staterooms. The guest arrangement includes a VIP stateroom on the main deck, a VIP stateroom on the lower deck and a guest stateroom, with television and home theatre equipment specified across these spaces. Shared living includes the main saloon, dining area and exterior decks.
Crew
Crew accommodation is supported by a dedicated crew mess with a Yamaha DVD home theatre system, while Yamaha home theatre equipment is also specified for each crew cabin. Three crew cabins provide quarters, complemented by onboard entertainment equipment and operational separation from the principal guest spaces for service aboard PETRUS.

Machinery Details

2x MTU 16V 2000 M91 diesel engines, 2,000 Hp each
Engine hours: 4,703 / 4,700 hours
Propulsion: Propeller shafts
Gearboxes: ZF BW 3060A, 3:1 ratio
Propellers: 5-blade NiBrAl alloy
Shafts: Aquamet 17
Rudders: AISI 316 stainless steel

Other Machinery:

Stabilisers: Trac zero-speed stabiliser system
Bow thruster: Side-Power
Steering: Sanlorenzo electro-hydraulic
System monitoring: Sea Energy command control/alarm system
Fuel filtration: Dual Racor 1000 mains; Dual Racor 500 generators
Watermaker: HRO
Water heaters: 2x Quick
Sewage system: Holding tank and macerator
Toilets: Tecma
Air conditioning: Condaria, 276,000 BTU

Generators

2x Kohler 50EOZ
Gen hours: 11,700 / 13,600 hours
Converter: Teknocea Sinemar 75 kVA
Electricity: 240 V, 3-phase, 60 Hz; 220 Vac, 3-phase, 50 Hz; 24 Vdc
Shore power: 400 V, 125 A, 4-pole connection
Isolating transformer: 400 V / 400 V, 45 kVA
Main engine starting: 4x 24 Vdc alternator and charger
Generator starting: 4x 12 Vdc alternator and charger
General service: 2x 24 V alternator and charger
Emergency: 4x 6 V alternator and charger
Radio supply: G60-12V-120Ah

Communication & Navigation

Communication Equipment

Internet: 4G LTE network system
VHF: 2x Raymarine 260E radios
Satellite communications: KVH TracPhone
Intercom: 1x Sanlorenzo
Satellite TV: Sea Tel antenna system

Navigation Equipment

Radar/chartplotter: Raymarine E120; GPS: Raymarine M1500
Instruments: 4x Raymarine ST90, autopilot, wind, rudder, speed and depth
Engine monitoring: 2x MTU Blue System electronic monitors
Compass: Riviera; Searchlight: Sanshin control
Stabiliser control: Trac zero-speed stabiliser system
Bow thruster: Side-Power
System monitoring: Sea Energy command control/alarm system
CCTV monitoring: Camera monitor system
Backup storage: QNAP hard disk system

Security, Fire Fighting & Safety

Portable powder and/or CO2 extinguishers throughout
Centralised CO2 system
Semi-automatic powder system in garage
Audible alarms and detectors throughout
