SEADECK 9 Azimut

ITALIAN INNOVATION, ELEVATED

SEADECK 9 is a 2026 Azimut motor yacht measuring 25.60 m, combining carbon fibre and GRP construction with the contemporary lines of Alberto Mancini. Created as a luxury yacht for sale, she brings Italian yacht design to a fast, refined platform, with a maximum speed of 30 knots and an unmistakably modern profile.

Her interior style and decor are by Matteo Thun & Antonio Rodriguez, while the yacht is configured with four guest cabins and five guest heads. Marble is specified across the master, VIP, portside and starboard guest heads, complemented by upgraded lighting and wooden flooring in the salon, lower-deck lobby, galley and helm station. The result is a polished setting for an elegant motor yacht experience.

Exterior living is central to SEADECK 9, with teak on the flybridge and bow, sunbathing areas, automatic cockpit awning, underwater lighting and a heated cockpit Spa Pool with water cooling. Triple Volvo IPS 1350 engines, Seakeeper 26 stabilisation, joystick control, Garmin electronics, Starlink and solar panels complete a sophisticated specification for a seamless seaside lifestyle, for owners seeking performance, comfort and style.

SEADECK 9 Azimut

Specifications

Length: 25.6m (84')

Description

Accommodation Overview:

Accommodation for 8 guests in 4 staterooms. 2 crew.

Owner

The master accommodation is enhanced by a marble head floor and shower wall, a marble top, sink and taps, plus a separate hand shower beside the WC. An alternative vanity chair proposal is also specified, bringing flexibility to the owner's space while maintaining the material palette carried through the yacht's interior specification and finish.

Guests

Four guest cabins are specified, supported by five guest heads. The VIP head features marble flooring, a marble top, sink and taps, while the portside and starboard guest heads receive marble flooring and marble tops with sinks and taps. Separate hand showers beside the WC are specified for the VIP and guest heads, reinforcing comfort throughout guest accommodation.

Crew

Crew facilities include a crew head and a refrigerator in the crew cabin. Practical onboard support is strengthened by the washer-dryer combination unit, dishwasher and additional galley refrigeration, helping the crew maintain smooth service and operation during cruising.
