ANGEL
Benetti

Italian Elegance, Personalised Luxury

ANGEL is a 36.90-metre Benetti Motopanfilo 37 delivered in 2025. Her semi-displacement design reinterprets the Italian yard's celebrated Motopanfilo heritage, with exterior styling by Francesco Struglia and Benetti and interiors by Lazzarini & Pickering. A GRP hull and superstructure complete a motor yacht defined by light, open living spaces and over €1.6 million in factory options.

Floor-to-ceiling windows illuminate the open-plan main saloon, while the full-beam owner's suite on the main deck offers panoramic views, a private study and separate en-suite bathrooms. Four guest cabins on the lower deck include two VIP doubles, a convertible port cabin and a starboard twin with an additional Pullman berth, accommodating up to 11 guests. Seven crew are accommodated in four cabins.

A custom Jacuzzi on the forward upper deck, the Cocoon observatory above the hardtop and a beach club with a bathing platform invite outdoor living. Zero-speed CMC stabilisers, Starlink, upgraded Miele appliances and a substantial watersports inventory support cruising, with twin MAN V12 engines providing a cruising speed of approximately 13 knots and a range of 3,700 nm at that speed.

Description

Accommodation Overview:

Accommodation for 11 guests in 5 staterooms. 7 crew.

Owner

ANGEL's accommodation arrangement has been conceived to provide a comfortable private environment within the refined surroundings of a Benetti motor yacht. Her interiors, designed by Francesco Struglia in collaboration with Benetti's in-house design studio, complement the yacht's distinctive Italian character. The overall layout places an emphasis on the versatility of the guest accommodation, with several bespoke features selected during construction to accommodate different requirements while preserving the comfort and practicality expected aboard a contemporary luxury yacht.

Guests

ANGEL welcomes up to 11 guests in five cabins, providing an adaptable arrangement for family and friends. The starboard guest cabin has been modified to incorporate twin beds and an additional Pullman berth, offering an alternative sleeping configuration. The port guest cabin features a sliding bed, allowing the accommodation to be adapted according to guest requirements. These owner-selected modifications add flexibility to the overall guest arrangement.

Crew

A crew of seven supports the onboard experience, complementing the accommodation and facilities provided for guests.
